## ***About Our Staff***

### ***Multidisciplinary Health Care Professionals***

This group is comprised of physicians, registered nurses, physiotherapists, occupational therapists, registered orthopedic technologists. The complementary areas of expertise offered by these professionals allow them to work together as an integrated team, providing excellence in patient care.

### ***Registered Nurses***

Our experienced registered nurses have a variety of training and expertise to complement the holistic approach to patient care within the unit. They offer professional, efficient care to patients, while providing advice and health education.

### ***Registered Orthopedic Technologists***

All of our technologists are registered with CSOT to ensure that the highest standards of orthopedic care in cast application and removal, brace fitting, and splint application in both the adult and pediatric population are met.

### ***Unit Coordinating Assistants***

Our experienced clerical staff offer patients proficient and professional registration and appointment scheduling services.
